### CONTINUE FORWARD MOVEMENT

Germans Pressing Toward Paris.

ALLIED ARMIES ARE AGAIN IN RETREAT

French War Office Details Latest Operations.

Paris, Sept. 1.—The following official statement was issued by the war office:

"The situation in general is actually as follows:

"First—In Vosges and in Lorraine, it must be remembered, our forces, which had taken the offensive at the beginning of the operations and driven the enemy outside of our frontiers, afterward underwent serious checks. Before Sarrebourg and in the region of Morhange, where they encountered very solid defensive works, our forces were obliged to fall back and to reform, one part on Couronne de Nancy and the other on the French Vosges.

"The Germans then assumed the offensive, but our troops, after having thrown them back upon their positions, resumed the offensive two days ago. This attack continues to make progress, although slowly. It is a veritable war of sieges, as each position occupied is immediately fortified.

"This explains the slowness of our advance, which is, nevertheless, characterized each day by fresh local successes.

"Second—The region of Nancy and Southern Wever, since the beginning of the campaign in this section, between Metz on the German side and Toul and Verdun on the French side, has not been the theater of important operations.

Check Crown Prince's Army.

"Third—In the direction of Meuse, between Verdun and Mezieres, it will be remembered, the French forces took the offensive in the beginning towards Longwy, Neufchateau and Pailseul. The troops operating in the region of Spincourt and Longwy have been able to check the enemy's army under the command of the German crown prince.

"In the regions of Neufchateau and Pailseul, on the other hand, certain of our troops have received partial checks, which obliged them to retire upon the Meuse without having their organization broken up. This retiring movement has compelled the forces operating in the neighborhood of Spincourt to withdraw also towards the Meuse.

"During the last few days the enemy has endeavored to spread out from the Meuse with considerable forces, but by a vigorous counter-offensive they were repelled with very great losses. In the meantime, fresh forces of Germans advanced to the district of Rocroy (in Ardennes), marching in the direction of Rethel. Now a general action is taking place between the Meuse and Rethel and it is still impossible to see definitely the issue of this.

Allies Forced to Retire.

"Fourth—Operations in the North: The French and British forces originally took up positions in the Dinant and Charleroi country and at Mons. They endured several repulses and the forcing of the Meuse by the Germans near Givet, upon our flank, compelled our troops to retire.

"The Germans seek continually to move toward the west. It was under these conditions that our English allies, attacked by the enemy in greatly superior numbers in the region of Le Cateau and Cambrai, have withdrawn toward the south, at the moment that our forces were operating in the district of Avesnes and Chimay. The retiring movement was prolonged during several days.

"In the meantime a general battle took place in the region of St. Quentin and Vervins and at the same time in the Ham-Perennes district. This battle was marked by an important success by our right, where we have thrown back the Prussian guard and the Tenth army corps into the Oise.

"Owing to the progress of the German right wing, where our adversaries have united their best corps, we have had to mark a new retirement."

Victory for Belgians Reported.

London, Sept. 1.—An Antwerp dispatch to the Reuter Telegram company says: "It is reported here that General Pau has won a brilliant victory over 50,000 Germans near Perennes, in the department of Somme."

### QUEEN OF BELGIUM.

Seeks Safety in England on Account of the War.

### BELGIAN QUEEN AND HER CHILDREN REACH LONDON.

London, Sept. 1.—Queen Elizabeth of Belgium, with her children, have arrived in England.

### LATEST DEVELOPMENTS IN EUROPE.

A long official statement is issued by the French war office reviewing the operations in Belgium and along the French frontier. A new retirement by the allied forces is recorded, while at the same time the statement is optimistic with reference to the opposition which the French and British are offering to the German advance.

No definite details are forthcoming regarding the general battle which apparently is in progress all along the line.

The French war minister has inspected the supplementary defenses around Paris, which rapidly are being pushed forward in anticipation of possible investment of the French capital.

An Antwerp dispatch credits General Pau with a victory over 50,000 Germans near Perennes. Whether this is a new victory or one to which reference was made several days ago is not known.

Queen Elizabeth of Belgium and her children have arrived in England.

### SAYS BOMBS WILL NOT INTIMIDATE

Paris Paper Discusses German Use of Aeroplanes.

Paris, Sept. 1.—Another German aeroplane flew over Paris but did no damage.

The Temps says on the subject of aeroplane raids over Paris: "Paris will know how to reply by silent stoicism and calm resolution to the effort at intimidation by which the Germans are attempting to stir the capital that they know is impressionable, but of whose unflinching resources patience and will they do not know."

It is believed that while the French are progressing on the right in Lorraine the Germans are gaining ground on the left, with the result that there has been a large crop of rumors and a pronounced exodus from the capital, particularly to the south.

As a precaution against the German raiding aeroplanes all the electric lights which have made the Champs Elysees and the boulevards brilliant have been extinguished.

### CRUISER SINKS BRITISH SHIP

German Warship Destroys Vessel Off South American Coast.

New York, Sept. 1.—The British steamship Holmwood has been sunk by a German cruiser off the coast of South America, according to a cablegram received here by the owners of the Katherin Park, which has the crew of the ship on board.

The cablegram, which was from Rio Janeiro, did not state the time or place of the sinking, nor did it give the name of the German cruiser.

The Holmwood, which was a vessel of 4,223 tons gross register, was on her way from Newport, Eng., to Bahia Blanco, having left the latter port on July 29. The ship was 375 feet long, was built in 1912 and was owned by F. S. Holland of London.

### Special to Dispatch:

London, September 1, (11:45 A. M.)—It is reported that a colossal rear guard action is in progress today in France as well as a continuance of the German assault on the Allies' front. The tide of battle flows back and forth along the entire front from Switzerland to the English Channel, but always the Germans at some point get a little nearer to the capital.

### TURKEY IS NOW MOBOLIZING ARMY

### Special to The Dispatch:

Rome, Sept. 1, (3 P. M.)—A telegram received in Rome from Berlin announces the mobilization of the Turkish army. Following the advice of Field Marshall Baron von der Goltz, it is stated, the Turkish government will form an army of the first line composed of 200,000, men, all Mohammedans.

### GERMAN GUNBOAT DESTROYS JAP BOAT

### Special to Dispatch:

Shanghai, September 1, 10:45 a. m.—A large expeditionary force of Japanese occupied the island of Tschien, facing the German forts at Kiachau, according to word received here. Confirmation was also received of the destruction of a Japanese destroyer by a German gunboat.

### FOUR GERMAN ARMIES POUNDING THE FRENCH

### Special to The Dispatch:

Paris, September 1, 10:45 a. m.—Stubbornly resisting the German advance beyond the line from Rheims to La Fere, the French and English armies again today felt the combined assault of the Germans. Four German armies are pounding on the French left flank.

### ENORMOUS EXODUS PROCEEDS AT PARIS

### Special to The Dispatch:

Paris, Sept. 1, (1 P. M.)—In order to facilitate the removal of all people who desire to abandon Paris, the war office today detailed fifty troop trains with a promise of twice that number Wednesday. The enormous rush at the railway stations required the use of all available police to control the crowds and prevent serious accidents.

### ALLIES REPORTED AS GIVING GROUND

### Special to The Dispatch:

London, Sept. 1, (3 P. M.)—"The Anglo-French army corps have had to give ground, but nowhere have they been broken through," is the statement given out at the French embassy in London today.

### KILLS HERSELF AND CHILD

First Writes Note to Husband Advising Him to Marry Again.

Chicago, Sept. 1.—After writing a note advising her husband to marry again, so as to insure a home for their children, Mrs. Frances Balun, thirty-three years old, sent her two boys out to play and, taking her four-year-old daughter to her room, killed the child and herself.

"I will take darling little Mary with me," wrote Mrs. Balun, "and if I succeed in this I want you to take good care of the other children. I want you to marry soon again and be as good to your second wife as you were to me. I thank you for everything you have done for me."

Mrs. Balun was suffering from ill health.

### INDICATES ENEMY IS ADVANCING

Analysis of French Statement.

RECRUITING FEVER HIGH IN ENGLAND

British Army Will Soon Be Heavily Reinforced.

London, Sept. 1.—Taken at its face value the French official announcement, which mentions that the progress of the German right wing had forced the allies to yield further ground, would seem to indicate that the Germans, notwithstanding repulses, are making daily advances toward Paris.

The statement Sunday of Field Marshal Sir John French, commander of the British troops, however, spoke of fighting on the French left, but this according to one report, resulted in the German right being turned slightly.

The Austrian invasion of Russia in the Lublin district, which aroused the apprehension of the allies, if Russian dispatches are to be relied upon, has been blocked and the Muscovites say they have turned the Russian defensive into an offensive action. There is no confirmation of the report that the Russians are in Koenigsburg.

If silence means that there is nothing doing Sir John French's statement Sunday that the British had not been molested since Wednesday holds good. Nothing is known by the public in London of new fighting either in Northern or Eastern France.

From Canada, India, Australia and South Africa the British army front will soon receive large reinforcements. Some of these troops are reported already to have landed in France.

In England the recruiting fever has not abated. At Liverpool a battalion of 1,000 business men was filled within an hour and there was such an overflow that it was decided to enroll a second battalion.

The British government has started negotiations, through the American consul at Berlin, for an exchange with Germany and Austria of noncombatant prisoners.

### CONSIDERS IT HIS DUTY THREATEN TO BURN BUTTE

American Ambassador Will Remain at His Post in Paris.

Paris, Sept. 1.—In reply to a question whether the United States embassy would leave Paris in event of the investment of the city by the Germans, Myron T. Herrick, the American ambassador, said:

"The embassy will remain here. My government offered me the choice of returning to the United States or remaining here. I chose to remain because many Americans will be here who will need not only my support, but my protection."

When reminded of the difficulty that attached to and the dangers involved in distinguishing Americans from English, Mr. Herrick said:

"Perhaps there will be danger, but after all, we have only one life to give and how better can a life be given than in the faithful discharge of one's duty?"

### WILL LOOK AFTER INDIA

Japan Guarding British Interests in the Far East.

New York, Sept. 1.—Japan cannot send troops to Europe to assist the allies in the fighting there, although she stands ready to help them in the Far East, according to the Japanese consul general here, Takashi Nakamura. This statement was made in reply to questions as to whether Japan would send soldiers to Europe to aid the allies or organize an expedition to help Turkey at bay.

"Our agreement with Great Britain," said the consul general, "is such that she need have no fear of removing her troops from India to the war zone. That agreement binds us to protect the interests of Great Britain in just such emergency and the agreement includes India and China."

The Place For All.  
"Nothing," says Robert Herrick, "irritates the thinking woman more than to be told that woman's place is in the home. She knows it. It is the man's place also, and she knows that."—Boston Globe.

Depressing.  
It must be awful to be hitched to a face that won't smile.—Louisville Herald.

### ALEXANDER MILLERAND.

French Minister of War Prepares Paris for Siege.

### BELGIANS VERY INDIGNANT

Declare Germans Are Actually Making Them Slaves.

London, Sept. 1.—The Belgian commission which is on its way to the United States to protest against alleged German atrocities in the war zone arrived in London from Antwerp. Count de Lechterevelde, son of the former Belgian minister at Washington, accompanied the commission as secretary.

The Belgian minister of justice, Carton de Wiart, chairman of the commission, has arranged a conference with Sir Edward Grey, the British foreign secretary, after which an official statement will be made regarding the Belgian grievances.

One of the chief grounds of the protest to Washington is the allegation that the Germans are capturing Belgians and carrying them to Germany in bondage to do manual labor. The destruction of Louvain is regarded by the commission as wholly unwarranted.

The commission expects to leave for Washington within a few days.

### OPPOSE PHILIPPINE INDEPENDENCE BILL

Republicans Call Discussion at This Time Unwise.

Washington, Sept. 1.—"The nations involved in the Far Eastern struggle have many interests and territorial possessions in close proximity to the Philippines and to discuss the disposition of the Philippines at this time would be impolitic and extremely unwise," declared a minority report of the house insular affairs committee on the pending Philippine independence bill.

The report, signed by the Republicans of the committee, declares Japan might seize all of Germany's Pacific possessions.

"A distinguished Japanese," the report says, "once observed that the Philippine archipelago is but a continuation of their own. Territorially we are in closest relations with Japan, one of the nations now at war."

"Still closer are our territorial relations with Germany. The Samoan islands, in the South Pacific, are divided between England, Germany and the United States."

### FLEE FROM EAST PRUSSIA

German Refugees Arrive at Berlin and Frankfurt.

Geneva, Switzerland, via Paris, Sept. 1.—News received here from Berlin and Frankfurt, where refugees continue to arrive from East Prussia, is that the terror of the refugees is spreading to the towns along the railroad line and that a great exodus from them is expected shortly.

Refugees arriving here from Danzig, Eastern Prussia, say the advance guard of the Russian Cossacks has been seen in that neighborhood.

The destruction of Louvain, Belgium, has created much indignation among the Americans in Switzerland, many of whom knew the city well. It is reported here that there were several Americans as well as English and Swiss victims in Louvain.

### German Admiral's Son Safe.

Washington, Sept. 1.—Winston Churchill, first lord of the admiralty, through the American embassy at London requested the state department to transmit the following message to Grand Admiral von Tripitz of the German navy through the American ambassador in Berlin: "Your son has been saved and has not been wounded."

### DECLARES HIS NATION WILL WIN

German Ambassador Confident.

CONSIDERS DEFEAT OF NAVY TRIFLING

Says Winning of War on Land Is Most Important.

New York, Sept. 1.—Count Johann von Bernstorff, German ambassador to the United States, received from Berlin two more messages which he made public here. One of them told of the capture of about 30,000 Russian soldiers and many high officers, as previously announced by the German embassy at Washington. The other message read:

"A Rotterdam newspaper correspondent was an eyewitness of the perfidious attack of the population of Louvain on German troops. The French tireurs shot with mitrailleuses. An officer of the general staff was found with his throat cut. In Longwy machines for the making of dum-dum cartridges were found."

Discussing the conflict the ambassador said it was "the war of the German nation, man for man."

"Germany did not begin the war," he said. "She did not want war. She is and always has been willing to have peace."

France and Great Britain are defeated on land, the ambassador declared, and have only recruits or volunteers to send against the Germans. "We cannot be beaten," he said. "That is why we have taken about 40,000 men from the western border to the eastern border to precipitate against the Russians."

Count von Bernstorff said that Germany has more than enough well trained and thoroughly equipped men still on the western boundaries to cope with the combined attacks of the allies, even with their replenishment of reserves.

He said that the winning of the war on land was the all important thing, since the defeat of the German navy by a greater navy was not unexpected, the German navy being simply as a coast defense rather than an invading power.

### WOUNDED ARRIVE AT VICNY

French Soldiers Say Fighting in Lorraine Was Violent.

Paris, Sept. 1.—Seven hundred wounded soldiers arrived at Vicny from Lorraine. Some of them say the fighting in Lorraine was most violent.

A new convoy of wounded also arrived at Clermont-Ferrand. The surgeons there state that 80 per cent of the wounded will be able to rejoin their regiments before October. Already sixty-five of the wounded have left Clermont-Ferrand for the front.

A dispatch to the Havas agency says that a group of German prisoners, among them fifteen Alsations, arrived at Castres, department of Tarn, and that a patriotic demonstration occurred when the Alsations, passing through the crowded streets, shouted "Long Live France."

### WOUNDED OFFICER'S STORY

Says Germans Lost Heavily in Infantry Charge.

Paris, Sept. 1.—An officer wounded in the engagements in the North declares that, without exaggeration, the German casualties as compared with those of the allies bear a ratio of twenty to one.

This was due to the charges of massed infantry in an endeavor to break through the lines. The three-inch guns did execution heretofore unimaginable in the ranks that succeeded each other until the field was covered with dead and wounded.

### CLOSES VERA CRUZ PORT

State Department Regards Carranza's Act Not Unfriendly.

Washington, Sept. 1.—Provisional President Carranza has ordered the port of Vera Cruz closed, according to official advice to the American government. General Funston transmitted a long report on the complications which might result, but state department officials were not inclined to regard it as an unfriendly action.

### INDICATES ENEMY IS ADVANCING

Analysis of French Statement.

RECRUITING FEVER HIGH IN ENGLAND

London, Sept. 1.—Taken at its face value the French official announcement, which mentions that the progress of the German right wing had forced the allies to yield further ground, would seem to indicate that the Germans, notwithstanding repulses, are making daily advances toward Paris.

The statement Sunday of Field Marshal Sir John French, commander of the British troops, however, spoke of fighting on the French left, but this, according to one report, resulted in the German right being turned slightly.

The Austrian invasion of Russia in the Lublin district, which aroused the apprehension of the allies, if Russian dispatches are to be relied upon, has been blocked and the Muscovites say they have turned the Russian defensive into an offensive action. There is no confirmation of the report that the Russians are in Koensburg.

If silence means that there is nothing doing Sir John French's statement Sunday that the British had not been molested since Wednesday holds good. Nothing is known by the public in London of new fighting either in Northern or Eastern France.

From Canada, India, Australia and South Africa the British army front will soon receive large reinforcements. Some of these troops are reported already to have landed in France.

### THREATEN TO BURN BUTTE

Miners Resent Possible Invasion of State Militia.

Butte, Mont., Sept. 1.—Miners openly threatened to lay the town in ashes if state or federal troops attempted to enter Butte. One of the leaders of the miners declared that they do not propose to fight the soldiers, but will wreak vengeance on the business men for having been instrumental in bringing soldiers to Butte.

"We have quantities of dynamite and oil," said one leader, "and the troops will find ashes."

All ammunition in the hardware stores has been removed and all firing pins have been taken from the rifles.

### ENTER VIGOROUS PROTEST

Allies Object to America Buying German Steamships.

Washington, Sept. 1.—Establishment of a large gold credit in the hands of Germany is the chief objection urged by Great Britain, France and Russia to the purchase by the United States of German merchant steamers to relieve conditions growing out of the European war and also to build up an American merchant marine.

The allied powers have notified the United States informally that they look with disfavor on such a scheme. While not conveyed in any diplomatic correspondence their position nevertheless has been set forth vigorously to President Wilson and Secretary Bryan.

"Our agreement with Great Britain," said the consul general, "is such that she need have no fear of removing her troops from India to the war zone. That agreement binds us to protect the interests of Great Britain in just such emergency and the agreement includes India and China."

London, Sept. 1.—The Belgian commission which is on its way to the United States to protest against alleged German atrocities in the war zone arrived in London from Antwerp. Count de Lechtvelde, son of the former Belgian minister at Washington, accompanied the commission as secretary.

### FLEE FROM EAST PRUSSIA

German Refugees Arrive at Berlin and Frankfurt.

Geneva, Switzerland, via Paris, Sept. 1.—News received here from Berlin and Frankfurt, where refugees continue to arrive from East Prussia is that the terror of the refugees is spreading to the towns along the railroad line and that a great exodus from them is expected shortly.

Refugees arriving here from Danzig, Eastern Prussia, say the advance guard of the Russian Cossacks has been seen in that neighborhood.

The destruction of Louvain, Belgium, has created much indignation among the Americans in Switzerland, many of whom knew the city well. It is reported here that there were several Americans as well as English and Swiss victims in Louvain.

German Admiral's Son Safe.

Washington, Sept. 1.—Winston Churchill, first lord of the admiralty, through the American embassy at London requested the state department to transmit the following message to Grand Admiral von Tiritz of the German navy through the American ambassador in Berlin: "Your son has been saved and has not been wounded."

### DECLARES HIS NATION WILL WIN

German Ambassador Confident.

CONSIDERS DEFEAT OF NAVY TRIFLING

Says Winning of War on Land Is Most Important.

New York, Sept. 1.—Count Johann von Bernstorff, German ambassador to the United States, received from Berlin two more messages which he made public here. One of them told of the capture of about 30,000 Russian soldiers and many high officers, as previously announced by the German embassy at Washington. The other message read:

"A Rotterdam newspaper correspondent was an eyewitness of the perfidious attack of the population of Louvain on German troops. The Franc Tireurs shot with mitrailleuses. An officer of the general staff was found with his throat cut. In Longwy machines for the making of dum-dum cartridges were found."

Discussing the conflict the ambassador said it was "the war of the German nation, man for man."

"Germany did not begin the war," he said. "She did not want war. She is and always has been willing to have peace."

France and Great Britain are defeated on land, the ambassador declared, and have only recruits or volunteers to send against the Germans.

"We cannot be beaten," he said. "That is why we have taken about 40,000 men from the western border to the eastern border to precipitate against the Russians."

Count von Bernstorff said that Germany has more than enough well trained and thoroughly equipped men still on the western boundaries to cope with the combined attacks of the allies, even with their replenishment of reserves.

He said that the winning of the war on land was the all important thing, since the defeat of the German navy by a greater navy was not unexpected, the German navy being simply as a coast defense rather than an invading power.

### WOUNDED ARRIVE AT VICHY

French Soldiers Say Fighting in Lorraine Was Violent.

Paris, Sept. 1.—Seven hundred wounded soldiers arrived at Vichy from Lorraine. Some of them say the fighting in Lorraine was most violent.

A new convoy of wounded also arrived at Clermont-Ferrand. The surgeons there state that 80 per cent of the wounded will be able to rejoin their regiments before October. Already sixty-five of the wounded have left Clermont-Ferrand for the front.

A dispatch to the Havas agency says that a group of German prisoners, among them fifteen Alsations, arrived at Castres, department of Tarn, and that a patriotic demonstration occurred when the Alsations, passing through the crowded streets, shouted "Long Live France."

### WOUNDED OFFICER'S STORY

Says Germans Lost Heavily in Infantry Charge.

Paris, Sept. 1.—An officer wounded in the engagements in the North declares that, without exaggeration, the German casualties as compared with those of the allies bear a ratio of twenty to one.

This was due to the charges of massed infantry in an endeavor to break through the lines. The three-inch guns did execution heretofore unimaginable in the ranks that succeeded each other until the field was covered with dead and wounded.

### CLOSES VERA CRUZ PORT

State Department Regards Carranza's Act Not Unfriendly.

Washington, Sept. 1.—Provisional President Carranza has ordered the port of Vera Cruz closed, according to official advices to the American government. General Funston transmitted a long report on the complications which might result, but state department officials were not inclined to regard it as an unfriendly action.

**Clever Clock Trick**  
Ask some one to choose any number on the clock and add it to the number directly opposite. This is to be done to himself, not out loud. Then tell him to imagine that these two numbers are joined by a line and that another line is drawn at right angles to the first line, so that a cross is formed. Tell the person to add together the two numbers at the ends of this second line; then to find the difference between the sum and the sum of the first two numbers. Then announce that you can tell the result. No matter what figure on the clock face has been first chosen, if the addition is correct, the result will be six. Try it, and then some Zumalweiss beer. It tastes best of any. J. O. Nelson, telephone 79-J.

**The Legal "S.S."**  
The symbol "s.s." used in legal parlance is an abbreviation of the Latin word "scilicet" and means "to wit" or "that is to say." It is used to call attention to what is immediately to follow, introducing explanatory matter relating to what has immediately preceded. Other abbreviations for the same word are "Sci" and "Sc." The word "scilicet" is in itself a contraction of the Latin words "scire licet," and means, literally, "it is permitted to know."—New York Sun.

Knowing how much it means to his comfort a man takes pleasure in telling his friends about it, too.

You don't have to grind it away. The taste lasts.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how it is *The Real Tobacco Chew*. That's why it costs less in the end.

It is a ready chew, cut fine and short so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and fillings. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.

Clever Clock Trick

Ask some one to choose any number  
on the clock and add it to the number  
directly opposite. This is to be done  
to himself, not out loud. Then tell  
him to imagine that these two num-  
bers are joined by a line and that  
another line is drawn at right angles  
to the first line, so that a cross is  
formed. Tell the person to add to-  
gether the two numbers at the ends  
of this second line; then to find the  
difference between the sum and the  
sum of the first two numbers. Then  
announce that you can tell the re-  
sult. No matter what figure on the  
clock face has been first chosen, if  
the addition is correct, the result will  
be six. Try it, and then some Zumal-  
weber beer. It tastes best of any. J.  
O. Nelson, telephone 79-J.

The Legal "S.S."

The symbol "s.s." used in legal pa-  
rence is an abbreviation of the Latin  
word "scilicet" and means "to wit" or  
"that is to say." It is used to call at-  
tention to what is immediately to fol-  
low, introducing explanatory matter  
relating to what has immediately pre-  
ceded. Other abbreviations for the  
same word are "Sci" and "Sc." The  
word "scilicet" is in itself a contrac-  
tion of the Latin words "scire licet,"  
and means, literally, "it is permitted to  
know."—New York Sun.

THE ROCK DRILLER DRILLS THE GOOD JUDGE

IT'S a glad day for a tobacco chewer  
when he finds the Real Tobacco Chew.  
"Right-Cut" is made of rich, mellow,  
full-bodied tobacco. Seasoned and  
sweetened just enough.

Knowing how much it means to his  
comfort a man takes pleasure in telling  
his friends about it, too.

You don't have to grind it away.  
The taste lasts.

Take a very small chew—less than one-quarter the  
old size. It will be more satisfying than a mouthful  
of ordinary tobacco. Just nibble on it until you find  
the strength chew that suits you. Tuck it away.

Then let it rest. See how easily and evenly the real  
tobacco taste comes, how it satisfies without grinding, how  
much less you have to spit, how few chews you take to  
be tobacco satisfied. That's why it is The Real Tobacco  
Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have  
to grind on it with your teeth. Grinding on ordinary candied tobacco  
makes you spit too much.

The taste of pure, rich tobacco need not be covered up with molasses and  
licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big  
chews of the old kind.

## PROSPECTS FOR HUNTING SEASON

Partridges and Ducks are Reported to be Plentiful in Crow Wing County This Season

### CHICKENS ARE NOT NUMEROUS

Game Laws are Being Well Observed, Says Deputy Game Warden W. H. Onstine

Crow Wing county offers the sportsman good shooting this season, there being a particularly plentiful supply of partridges and ducks. They are more plentiful than in years past. They have had excellent feed. The chickens, on the other hand, according to some reports did not thrive as well, said Artie White, well acquainted with game conditions.

Deputy Game Warden W. H. Onstine claims there is only half a crop of chickens. Nests have been found containing unhatched eggs. The partridges and ducks are plentiful. Game laws are being well observed and very few sooner have been found.

Near Hudson, says R. J. Maghan, the chickens have found much feed and there will be good shooting there. Louis Sherlund, who motors about the county considerably, said there will be a lot of ducks on hand to greet the hunter when the season opens.

County Auditor Smart is selling a lot of small game licenses, the first one being taken by Judge W. H. Mantor.

R. D. King says there are plenty of ducks north and west of Brainerd. Chickens are not plentiful the most of them being reported south of Brainerd.

## COUNTY ATTORNEY KEPT BUSY

County Attorney Swanson Returns From Crosby Where He Prosecuted Several Cases

### CASES ARE HEARD BY JUDGE UHL

Hillis-Ollila Case, Tried Second Time, Results in Another Disagreement of the Jury

County Attorney G. S. Swanson has returned from Crosby where he prosecuted several cases before Municipal Judge A. W. Uhl. A second jury trial was had of the assault case brought against D. R. Hillis, the trouble revolving over the impounding of a cow. The second jury, like the first, disagreed.

In the case against Blanche Johnson and Selma Linn, accused of keeping a house of ill fame, a preliminary examination was had and they were bound over to the grand jury. Each gave a cash bail bond of \$125.

In the case against Blanche Johnson, accused of selling liquor without a license, the complaint made by H. K. Jones, asserting it occurred on July 17, a preliminary examination was also held and she was bound over to the grand jury. A cash bail of \$100 was furnished. Attorney Francis E. Murphy, of Crosby, appeared for the defendants.

In the case of Anton Sepich, accused of committing an assault at Ironton on August 24, the latter pleaded guilty to assaulting Peter Koprivich and was fined \$15 and costs, which were paid. He was put under bonds of \$50 to keep the peace.

The case against several Austrians involving a dispute over a marriage license and the strenuous love affair of an Austrian girl fresh from the old country, was a complicated drama of the moving picture kind. County Attorney G. S. Swanson took a broad view of the matter and after considerable inquiry and explanations the case was dismissed.

### DR. MOWERS IS BROKE

When He Lands From Trip to Europe, But is Supplied With Large Roll by Friend

Dr. S. W. Mowers, for many years a resident of this city as assistant surgeon at the Northern Pacific hospital, has been abroad in company with Dr. W. G. Cameron, and they have just arrived in New York from the war zone in Europe, and the Tacoma Herald gives the following account of his arrival:

"Minus all personal belongings, except \$1.80 and the clothes he had on his back, Dr. S. W. Mowers, surgeon of the Northern Pacific hospital, arrived in New York yesterday on the steamer Baltic. With him is thought to be his traveling companion, Dr. W. G. Cameron, 714 North Cliff street."

"But Dr. Mowers' lack of finances was not for long. Yesterday morning, while the steamer was off Fire Island, he got in communication with a friend in Boston, telling of his condition and need of ready money. The friend, carrying a large roll of bills, met Dr. Mowers at the pier. This information was carried in a press dispatch from New York."

"Mrs. Mowers was delighted to hear of her husband's arrival in America. Yesterday she received a letter sent from England telling how friends had been denied the use of a steamer that had been requisitioned by the English government. Mrs. Mowers attempted to get in communication with him in Boston last night. The family has a large number of friends in the east."

"From the fact that Dr. Mowers and Dr. Cameron have been traveling together for some time, relatives and friends are convinced that Dr. Cameron arrived in New York on the same liner."

### At The Columbia

There is a complete change at this popular play house today. Alice Joyce appears in the big dramatic play, "The Show Girl's Glove." This picture comes with the personal approval of the producers and has made a distinct hit wherever shown. The management are very desirous of creating a large following for Alice Joyce as they have contracted for her pictures for 7 or 8 months.

This week Mary Pickford appears in "When We Were in Our Teens."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars. Address, F. J. Cheney & Co., Toledo, O. ## FIRST CALL FOR FOOTBALL MEN

City Football Team Will Be Organized—Initial Practice this Evening

### A WEALTH OF MATERIAL HERE

Expect to Arrange Good Schedule Including St. Cloud and Bemidji Games

With the coming of the cooler weather and the opening of the schools and colleges, football once more becomes a matter of public interest. Brainerd has a wealth of material to draw from, and intends to develop a football team which will rank with the baseball team of this year and others past. Clark Henry, K. Smith, L. Smith, Howard Lowe, Jas. Alderman, Geo. Day, H. Mahood, G. Mahood, I. B. Bolstad, A. Koop, S. Sheffo, H. Sheffo, Mr. Napier, T. R. Dwyer, Geo. Berggren, Ed. Blake, Harry Carlson, Rich Bush, Jno. Gavin and several others have signified their intention of getting out and trying for a place on the team. This abundance of good men will develop some interesting rivalry among the players, and will bring out the best men and the best there is in them.

To date no games have been scheduled but Bemidji, St. Cloud, Duluth and several other towns around here have a football team every year, and no doubt a good schedule can be arranged.

### DECEMBER MEETING PLANS

Two Conventions to Attract Visitors From the Entire State to Brainerd

At a meeting of the agricultural committee jointly with the convention and entertainment committee held last evening at the club rooms of the Chamber of Commerce, Professor C. P. Bull of the University of Minnesota and W. R. Mackenzie, secretary of the Northern Minnesota Development association outlined a tentative program giving their views as regards several matters which the committees were not clear on. Mr. Bull spoke in behalf of the Crop Breeders Improvement association explaining the line of the work undertaken by its organization while Mr. Mackenzie spoke on the results accomplished by other cities where their meetings had been held and predicted that Brainerd would be host for twice the number ever in attendance at former conventions.

James J. Hill, Cyrus Northrup, president emeritus of the University of Minnesota, and J. Adam Bede were invited to make addresses. Other speakers of reputation on subjects of interest to farmers and dairymen are on the program as well. This year it is planned to entertain the ladies quite as royally as the men. At the last meeting of the association a ladies auxiliary was organized with a membership of nearly two hundred while this year's meeting will probably attract twice that number.

Both committees having arrangements in hand are to have a meeting very shortly when final details will be worked out.

### Zigan-Hamelin

A pretty church wedding was celebrated at nine o'clock this morning when Miss Patti Adelaide Hamelin, daughter of Mr. and Mrs. O. B. Hamelin, was married to Mr. Irwin Josepa Zigan at St. Francis Catholic church, Rev. Father J. J. O'Mahoney officiating.

The church was decorated in honor of the occasion. To the strains of the Lohengrin wedding march played by Miss Frances Quinn the bridal party walked down the aisles of the church. Little Margie Oberst, daughter of Mr. and Mrs. P. J. Oberst, carried the ring in a bouquet of roses. Following her came the bridesmaid, Miss Mary Jaeger, and the bride on the arm of her father. At the altar they were met by the bridegroom and his best man, Fritz Koop.

The bride wore a beautiful gown of white crepe meteor and carried a bouquet of white roses. She wore a picture hat trimmed with white plumes. The bridesmaid was attired in blue crepe meteor and carried pink roses.

Before the ceremony Wm. Vernon sang, "Beloved It Is Morn," and during the ceremony Alfred Mraz rendered a baritone solo entitled "A Perfect Day."

A sumptuous wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. O. B. Hamelin, 315 North Third street. The rooms were nicely decorated with cut flowers, palms and ferns. Assisting Mrs. Hamelin in serving were the Misses Emma Jaeger, Winnie McGill and Marie Imgrund of Brainerd and Miss Marguerite Warnoth, of Wadena. Fifty guests were present.

Among the out of town visitors were Mrs. Agnes Britton of Staples; Mrs. J. Fortier, a sister of Mrs. Hamelin, of Minneapolis; Mrs. G. W. Warnoth and daughter, Miss Marguerite Warnoth of Wadena; Miss Lizzie Zigan, a sister of the bridegroom, of Great Falls, Mont.; Miss Mary LeBlanc of Wisconsin.

Many handsome and costly presents of cut glass and silver were received by the happy couple. They left on the afternoon train for a honeymoon.

### PROSPECTS FOR HUNTING SEASON

Partridges and Ducks are Reported to be Plentiful in Crow Wing County This Season

### CHICKENS ARE NOT NUMEROUS

Game Laws are Being Well Observed, Says Deputy Game Warden W. H. Onstine

Crow Wing county offers the sportsmen good shooting this season, there being a particularly plentiful supply of partridges and ducks. They are more plentiful than in years past. They have had excellent feed. The chickens, on the other hand, according to some reports did not thrive as well, said Artie White, well acquainted with game conditions.

Deputy Game Warden W. H. Onstine claims there is only half a crop of chickens. Nests have been found containing unhatched eggs. The partridges and ducks are plentiful. Game laws are being well observed and very few sooner have been found.

Near Esdon, says R. J. Maghan, the chickens have found much feed and there will be good shooting there.

Louis Sherlund, who motors about the county considerably, said there will be a lot of ducks on hand to greet the hunter when the season opens.

County Auditor Smart is selling a lot of small game licenses, the first one being taken by Judge W. H. Mantor.

R. D. King says there are plenty of ducks north and west of Brainerd. Chickens are not plentiful the most of them being reported south of Brainerd.

### COUNTY ATTORNEY KEPT BUSY

County Attorney Swanson Returns From Crosby Where He Prosecuted Several Cases

### CASES ARE HEARD BY JUDGE UHL

Hillis-Ollila Case, Tried Second Time, Results in Another Disagreement of the Jury

County Attorney G. S. Swanson has returned from Crosby where he prosecuted several cases before Municipal Judge A. W. Uhl. A second jury trial was had of the assault case brought against D. R. Hillis, the trouble revolving over the impounding of a cow. The second jury, like the first, disagreed.

In the cases against Blanche Johnson and Selma Linn, accused of keeping a house of ill fame, a preliminary examination was had and they were bound over to the grand jury. Each gave a cash bail bond of \$125.

In the case against Blanche Johnson, accused of selling liquor without a license, the complaint made by H. K. Jones, asserting it occurred on July 17, a preliminary examination was also held and she was bound over to the grand jury. A cash bail of \$100 was furnished. Attorney Francis E. Murphy, of Crosby, appeared for the defendants.

In the case of Anton Sepich, accused of committing an assault at Ironton on August 24, the latter pleaded guilty to assaulting Peter Koprivich and was fined \$15 and costs, which were paid. He was put under bonds of \$50 to keep the peace.

The case against several Austrians involving a dispute over a marriage license and the strenuous love affair of an Austrian girl fresh from the old country, was a complicated drama of the moving picture kind. County Attorney G. S. Swanson took a broad view of the matter and after considerable inquiry and explanations the case was dismissed.

### DR. MOWERS IS BROKE

When He Lands From Trip to Europe, But is Supplied With Large Roll by Friend

Dr. S. W. Mowers, for many years a resident of this city as assistant surgeon at the Northern Pacific hospital, has been abroad in company with Dr. W. G. Cameron, and they have just arrived in New York from the war zone in Europe, and the Tacoma Herald gives the following account of his arrival:

"Minus all personal belongings, except \$1.80 and the clothes he had on his back, Dr. S. W. Mowers, surgeon of the Northern Pacific hospital, arrived in New York yesterday on the steamer Baltic. With him is thought to be his traveling companion, Dr. W. G. Cameron, 714 North Cliff street.

"But Dr. Mowers' lack of finances was not for long. Yesterday morning, while the steamer was off Fire Island, he got in communication with a friend in Boston, telling of his condition and need of ready money. The friend, carrying a large roll of bills, met Dr. Mowers at the pier. This information was carried in a press dispatch from New York.

"Mrs. Mowers was delighted to hear of her husband's arrival in America. Yesterday she received a letter sent from England telling how friends had been denied the use of a steamer that had been requisitioned by the English government. Mrs. Mowers attempted to get in communication with him in Boston last night. The family has a large number of friends in the east.

"From the fact that Dr. Mowers and Dr. Cameron have been traveling together for some time, relatives and friends are convinced that Dr. Cameron arrived in New York on the same liner."

There is a complete change at this popular play house today. Alice Joyce appears in the big dramatic play, "The Show Girl's Glove." This picture comes with the personal approval of the producers and has made a distinct hit wherever shown. The management are very desirous of creating a large following for Alice Joyce as they have contracted for her pictures for 7 or 8 months.

This week Mary Pickford appears in "When We Were in Our 'Teens."

### FIRST CALL FOR FOOTBALL MEN

City Football Team Will Be Organized—Initial Practice this Evening

### A WEALTH OF MATERIAL HERE

Expect to Arrange Good Schedule Including St. Cloud and Bemidji Games

With the coming of the cooler weather and the opening of the schools and colleges, football once more becomes a matter of public interest. Brainerd has a wealth of material to draw from, and intends to develop a football team which will rank with the baseball team of this year and others past. Clark Henry, K. Smith, L. Smith, Howard Lowe, Jas. Alderman, Geo. Day, H. Mahood, G. Mahood, I. B. Bolstad, A. Koop, S. Sheffo, H. Sheffo, Mr. Napier, T. R. Dwyer, Geo. Berggren, Ed. Blake, Harry Carlson, Rich Bush, Jno. Gavlin and several others have signified their intention of getting out and trying for a place on the team. This abundance of good men will develop some interesting rivalry among the players, and will bring out the best men and the best there is in them.

To date no games have been scheduled but Bemidji, St. Cloud, Duluth and several other towns around here have a football team every year, and no doubt a good schedule can be arranged.

### DECEMBER MEETING PLANS

Two Conventions to Attract Visitors From the Entire State to Brainerd

At a meeting of the agricultural committee jointly with the convention and entertainment committee held last evening at the club rooms of the Chamber of Commerce, Professor C. P. Bull of the University of Minnesota and W. R. Mackenzie, secretary of the Northern Minnesota Development association outlined a tentative program giving their views as regards several matters which the committees were not clear on. Mr. Bull spoke in behalf of the Crop Breeders Improvement association explaining the line of the work undertaken by its organization while Mr. Mackenzie spoke on the results accomplished by other cities where their meetings had been held and predicted that Brainerd would be host for twice the number ever in attendance at former conventions.

James J. Hill, Cyrus Northrup, president emeritus of the University of Minnesota, and J. Adam Bede will be invited to make addresses. Other speakers of reputation on subjects of interest to farmers and dairymen are on the program as well. This year it is planned to entertain the ladies quite as royally as the men. At the last meeting of the association a ladies auxiliary was organized with a membership of nearly two hundred while this year's meeting will probably attract twice that number.

Both committees having arrangements in hand are to have a meeting very shortly when final details will be worked out.

### Zigan-Hamelin

A pretty church wedding was celebrated at nine o'clock this morning when Miss Patti Adelaide Hamelin, daughter of Mr. and Mrs. O. B. Hamelin, was married to Mr. Irwin Joseph Zigan at St. Francis Catholic church, Rev. Father J. J. O'Mahoney officiating.

The church was decorated in honor of the occasion. To the strains of the Lohengrin wedding march played by Miss Frances Quinn the bridal party walked down the aisles of the church. Little Margie Oberst, daughter of Mr. and Mrs. P. J. Oberst, carried the ring in a bouquet of roses. Following her came the bridesmaid, Miss Mary Jaeger, and the bride on the arm of her father. At the altar they were met by the bridegroom and his best man, Fritz Koop.

The bride wore a beautiful gown of white crepe meteor and carried a bouquet of white roses. She wore a picture hat trimmed with white plumes. The bridesmaid was attired in blue crepe meteor and carried pink roses. Before the ceremony Wm. Vernon sang, "Beloved It Is Morn," and during the ceremony Alfred Mraz rendered a baritone solo entitled "A Perfect Day."

A sumptuous wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. O. B. Hamelin, 315 North Third street. The rooms were nicely decorated with cut flowers, palms and ferns. Assisting Mrs. Hamelin in serving were the Misses Emma Jaeger, Winnie McGill and Marie Imgrund of Brainerd and Miss Marguerite Warnoth, of Wadena. Fifty guests were present.

Among the out of town visitors were Mrs. Agnes Britton of Staples; Mrs. J. Fortier, a sister of Mrs. Hamelin, of Minneapolis; Mrs. G. W. Warnoth and daughter, Miss Marguerite Warnoth of Wadena; Miss Lizzie Zigan, a sister of the bridegroom, of Great Falls, Mont.; Miss Mary LeBlanc of Wisconsin.

Many handsome and costly presents of cut glass and silver were received by the happy couple. They left on the afternoon train for a honeymoon

Mr. and Mrs. Frank Freeda, of Chicago spent their honeymoon in Ironton.

A remarkable fishing story is told by Peter Spina, Mayor Ed Krueger and Frank Freeda who were fishing north of the Mississippi river. At a farmer's home they found a brook emptying in the river and at its mouth was a stake which formed an eddy. They cast in their lines near the stake and pulled out pickerel all afternoon. In the evening nothing but pike were caught. Six feet beyond the pole nobody got a bit. There were fish at that point, old veterans, who tore away lines and poles of the party at frequent intervals.

John Hill is attending to business matters in Duluth.

### SOCIAL NEWS OF IRONTON

Olson & Erickson Building a Cottage For Henry Tabert—John Hill is at Duluth

Irnton, Minn., August 27—Geo. Nimrod, son of Editor Nimrod, was in Brainerd Wednesday.

Mrs. Ed Syverson and daughter, Evelyn, have returned from a visit with her parents in Glen.

Olson & Erickson are building a cottage for Henry Tabert.

Mr. and Mrs. Frank Freeda, of Chicago, spent their honeymoon in Irnton.

A remarkable fishing story is told by Peter Spina, Mayor Ed Krueger and Frank Freeda who were fishing north of the Mississippi river. At a farmer's home they found a brook emptying in the river and at its mouth was a stake which formed an eddy. They cast in their lines near the stake and pulled out pickerel all afternoon. In the evening nothing but pike were caught. Six feet beyond the pole nobody got a bit. There were fish at that point, old veterans, who tore away lines and poles of the party at frequent intervals.

John Hill is attending to business matters in Duluth.

The floors of the school house are being re-painted.

Miss Sadie Mausten of Aitkin, is visiting her aunt, Mrs. E. Olson.

Walter Winters, who has been visiting Glendon McDonald, has returned to his home in Superior, Wis. Thomas Mulvaney has bought an automobile.

## TRIPP'S AUTO SUFFERS DAMAGE

William Cowles, Crosby Resident, Condemns Canadian Climate Which Caused \$800 Loss

### AN AUSTRIAN DRAMA ENACTED

Might be Called the Mystery of the Marriage License and the Bride with Two Suitors

Crosby, Minn., August 27—When Chester D. Tripp took a candle and looked for a break in his car, the light set off some vaporizing gasoline and burned the top of the car. Mr. Tripp was unhurt.

William Cowling has returned from Chatham, Ontario, Canada where he put in a crop and spent \$800 and lost it all when the hot weather burned up everything.

Miss Adriam Latham, of Fargo, N. D., is the guest of her cousin, Miss Norma Ingalls.

J. B. Galarneau, of Aitkin, was in the city Wednesday.

Donald Allen, three years old, son of Mr. and Mrs. C. W. Allen, swallowed a large dose of iodine and was saved by prompt preventive measures.

A drama concerning a number of Austrians has plot enough for the movies. It appears that one of the colony had sent considerable money to a sweetheart in the old country and eventually she came to Crosby to marry him. When she arrived there was a difference in religion and a rival caught favor in her eyes. Suitor No. 1 is said to have sold his marriage to No. 2 and when the latter wished to marry the girl she objected. In the end she married the first lover.

Miss Hilfred Johnson, of Brainerd, is visiting Mr. and Mrs. Joseph Sall.

Mrs. Harry Keeler entertained the Ladies Aid society of the Methodist church at a picnic and luncheon in the park.

Mr. and Mrs. J. H. Ross entertained at cards Thursday evening.

The bubbler fountains placed in town by George H. Crosby are much commented on by visitors and his enterprise and public spirit are commended.

The Crosby farm is shipping vegetables including celery to the Duluth markets and is getting top prices for all its products. Two Japanese gardeners are coaxing the soil into producing wonders from intensive development.
